FROM MONTANA

We take the following from Montana papers of the 8th of December

More snow fell on the 5th instant and the first sleighs of the season passed through the streets. There is only a small quantity upon the mountains, and the coaches of Oliver & Co and Holladay Overland Mail and Express Company have arrived and departed with remarkable regularity during the last month

Five new dry gulches have been discovered the past week between Indian and Beaver Creeks 17 miles from Helena From 10 to 50 cents to the pan have been washed out The mines are shallow and as soon as a ditch four miles long is completed to furnish those diggings with water, another source of a rich gold producing section will be opened and add to the coffers of Montana

The first grand test of the Whitlatch Union lode yielded $3 2s2 80, exclusive of several hundreds which remained in the batteries The *Post* says this is the richest run that has been made by any mill in the Territory

Some ugly revelations are being made in the official conduct of County Assessors and Collectors, for instance—the Montana *Post* being our authority—two Leech, Collector of Madison is paid $1,052 73 for receiving $9,500 42 while P H Rea, Treasurer of Edgerton, obtains $1,379 13 for collecting $3 743, Each of these parties not under the same law and their fees are regulated by the Territory

A general fight came off the other day between the editor of the Helena *Herald* and a Mr Harmon and a Mr and Mrs Callahan Mr and Mrs Callahan and Mr Harmon called at the *Herald* office and requested a written apology to the editor and requested him to sign and publish it in the next issue of his paper, and upon his refusal Callahan attacked him and was knocked down Harmon then joined in the affray and was forced back by one of Fisk's friends Callahan and Harmon were then pushed toward the door and out of the office and Mrs Callahan was requested to follow them which she did Harmon then invited the editor down into the street promising to whip him if he complied Fisk came down stairs soon after, and Mrs Callahan, attended by Harmon, made her way through the crowd to where Fisk was and struck him with a bowlknife Fisk seized the whip and was in turn seized by Harmon upon which, in the language of one of the witnesses, Fisk let loose his right duke and sent Harmon to mother earth," and continued hostilities energetically until the affray was ended by the interference of the police

The Montana *Post* relates this amusing incident While Rocky Thomas, the Sergeant at arms of the House, was sleeping in one of the committee rooms on the 19th of November, on account of exhaustion produced by his arduous labors, some evil disposed person tied his feet in an uncomfortable position The Speaker required his services and disturbed his slumbers by calling for him but he could not move After a desperate struggle for several minutes, Rocky escaped from the predicament and rushed after the absent members

A stampede took place from Helena on the morning of November 13th Some of the Minnesota boys who came in with Fisk's train struck upon some very rich diggings in the neighborhood of Uncle Ben's Gulch, and came in and gave the wink to their friends The result was that over 100 persons, chiefly Minnesotans left in haste to stake their claims The diggings are said to be about 12 feet in depth to the bed rock and to turn out coarse gold and nuggets weighing from $15 to $100

General Butler on Johnson, at Brooklyn, New York.

General Butler arraigned President Johnson at length, on Saturday evening, November 24th, in a speech at the Brooklyn Academy of Music. After a general exordium he proceeded to argue that

The advocacy by a high officer of the United States of an unlawful proposition in a political speech is sufficient ground for impeachment, that mere words are sufficient, without any overt act, and thereupon presented his charges against the President in detail I charge, said the General, Andrew Johnson, as well while Vice President as while discharging the powers and duties of President of the United States, with degrading and debasing, even while taking the oath of office, the station and dignity of the office of Vice President and of President by indecently exhibiting and exposing himself upon official and public occasions, in a state of drunkenness, by the voluntary use of intoxicating liquors, to the great scandal and disgrace of the whole people of the United States and the Government thereof As to the specifications and evidence of the first charge of public drunkenness, if common uncontradicted fame speaks truly, and that it does in this instance, the blush of shame which mantles the cheek of every true American when the occurrence is mentioned is the highest guarantee—then every Senator who witnessed the disgraceful stammering tongue of the Vice President as he mumbled his oath of office and slobbered the Holy Book with a drunken kiss will be at once the witness and judge and to other like public and disgraceful exhibitions almost every depot and station master between Washington and St Louis can give evidence Butler then proceeded to dilate upon various speeches of the President charging him with officially and publicly making declarations and inflammatory harangues indecent and unbecoming and in derogation of his high office, dangerous to the permanency of republican form of government, and with unique and design to excite the ridiculous fear hatred and contempt of the people against the legislative and judicial departments thereof After quoting several particular questions at Battle Creek "Do you want Andrew Johnson President or King" the speaker said No fellow citizens let us proceed to meet the beginnings of mischief by the legal, conservative radical and constitutional method of impeachment. Let the people teach the incumbent of the office of President that he is not such stuff as dictators are made of, and if we are to have a king, he will not be king Andrew the Imposter For his blasphemous exhibitions his defacement of his high office, his revolutionary inflammatory and unbecoming attack upon the Congress of the people, his false accusation against the judiciary, his insult to the virtue and intelligence of the people, in daring to breathe the thought that they would submit their liberties to any dictator or tyrant, and least of all to him or such high crimes against the people and measures against the country How say you, fellow citizens is Andrew Johnson guilty or not guilty? [Applause]

In conclusion, General Butler alluded to the probable success of an impeachment process and said "But let the timid fear not as if the weak quake not The army and navy are loyal as true and will obey no illegal treasonable orders from anybody, but, if it were possible for them to do otherwise, they would be swept away before the majesty of a people rising as in 1861, to preserve a nation's life I have been told indeed that the Secretary of State has threatened that the Representative who votes an impeachment will find himself in the Old Capitol Prison I believe it not The treasonable talk of that little hell that sounds in that order will be the death knell of the tinkler I will not believe the threat was ever made If it is made let his second be the recreant representative of the people so great a coward as not to vote an impeachment on his own Executive threat It had been better for him had he never been born

His country can see his children's name
Outcast of virtue, peace and fame!

Down on Our Neighbors.

The New York *Herald's* correspondent during the rebellion set out in a war book He says Sherman is impatient and an egotist Joe Hooker vain and Thomas cold blooded and heartless He asserts that Rosecrans never saw the battle field of Chickamauga and that Gordon Granger during that engagement left his corps to a subordinate while he assumed the direction of a fell battery Gen McCook is represented as an overgrown school boy Mulberson as a mere theorist Halleck as a long talking lawyer ever to have been a good soldier Crittenden as a country lawyer with little legal and no military ability In short, Shanks seems to be pleased with no prominent figure in the war except Shanks

Why are sheep the most disrespected and unfortunate animals? Because they gambol in their youth, frequent the turf and very often blacklegs, and are universally fleeced

Contradictory Rumors about Mexico.

NEW YORK Dec 2.—The *Herald's* Brownsville special dispatch of the 13th says Matters are uncertain in Matamoras Merel audias is being rapidly reinforced at the interior in anticipation of new difficulties Escobedo left Monterey on the 25th inst., on the 11th formed a proclamation declaring null all decrees and all acts of functionaries not sanctioned by the Liberals Canales and Cortinas marched on the 12th ultimo by the interior and it is noticed they limit themselves to Matamoras It is rumored that both pronunciados against Juarez The movements of Ortega are very secret

Havana advices to the 14th say The general opposition is that Maximilian will run away at the first chance His private secretary and a portion of the Imperial baggage have already gone to Europe

Vera Cruz dates to the 6th confirms the news of Maximilian's proclamation He will remain The Imperial papers say this decision creates joy but the *Estafette* Bavarese organ, says all rejoicing was by the clergy and that the people are disgusted and will never submit The French party with him to go but not till after appointing Bazaine Regent.

NEW YORK Dec 22.—At Havana it was reported Bazaine endeavored to communicate with Sherman and Campbell and intimated a wish to aid in completing the evacuation Sherman replied that the French got themselves into a difficult position and might get out as they could The French seized the Vera Cruz Custom House on December 19th

About Gen Sherman.

NEW ORLEANS, Dec 22.—The future movements of Gen Sherman are not known, but it is reported that he has received a telegram from Washington to let Mexico alone

The Mexican Mission

WASHINGTON Dec —Advices from Minister Campbell are not made public but he represent his inability to reach the Juarez Government

Sherman's Mission to Mexico

NEW YORK Dec. 24.—The *Times* special correspondent of New Orleans says the mission of Gen Sherman, although not accomplishing all that was expected was by no means a failure in the first place the Europa avoided all appearance of communicating with the French authorities by not landing at Vera Cruz, and sought the Republican authorities under Juarez, when they found at Tampico and again at Matamoras The result of the conference is that a joint plan of action has been determined upon between the United States and the Republic of Mexico to go into effect after the withdrawal of the French Juarez will transfer his seat of government to a point as near as present which Gen Sherman informed the correspondent he as a military man considered well chosen He said The entire plans have been laid before me and I concur them upon the whole Judicious and prudent The correspondent further says that he has grounds for believing that in case any Empire of Imperial power remains after the departure of the French the United States troops will be marched over the Rio Grande to support Juarez

TUESDAY MORNING JAN 1 1867

The Presidential Election

If the ten unrepresented States desire to participate in the next Presidential election, they would do well to begin to make preparation for it At present it looks as if their votes would not be counted The "ten States" have no representation in Congress Nor will they be represented in the next Congress unless they comply with the demands of the people of the North More than two-thirds of the members of the Fortieth Congress are pledged not to admit the South unless they adopt the Constitutional Amendment Upon that Congress, at its second session in 1869, will devolve the duty of counting the electoral votes If matters stand then as they stand now it is absolutely certain that the electoral vote of no State which seceded, except Tennessee will be counted The South declares she will do nothing more than she has done towards resuming her relations with the National Government if this determination be not revoked speedily, her votes, for the reasons above given, will not be counted in the next Presidential election

A Sensational Announcement

The New York *Tribune* of November 27th publishes the following special dispatch from Washington

In conversation with a friend a few days since, President Johnson remarked that it was a mistaken idea that the recent elections had established the fact that the coming Congress would be more Radical than ever The elections had indeed perpetuated the power of Congress, but the same elections had established the fact that the Constitutional Amendment could not be passed Was it not therefore the duty and interest of both parties to unite on some middle plan that would admit the South on terms satisfactory to the North? Although the President did not distinctly refer to the plan of Universal Suffrage and Universal Amnesty, he was understood to allude to it

Paragraphs like this have been extensively published during the last two months Every person of judgment must see that they are merely sensational President Johnson intends to make no concessions Nor would any concessions he could offer, save only a complete abandonment of his position and entire acceptance of the position of the Northern people, be satisfactory either to them or their representatives in Congress Were the President to make propositions like those above spoken of, nobody could believe him sincere His professions, indeed, have always been fair, but he is to be judged by his actions He would warmly favor universal amnesty, but he will never aid in establishing impartial suffrage

THE SAINT'S REST ON CONSERVATISM.—The Territory of Montana is becoming "Conservative." A bill has passed the Council prohibiting persons having as much as one quarter African blood from testifying in the Courts when a white man shall be a party to the suit. Considering that the Territories are under the exclusive government of Congress, and that a law of Congress is nullified by the act of the Montana Legislature, it is plain that "conservatism" has done a very brilliant thing in that Territory Probably it has retired to Montana as its last place of refuge. That Territory is understood to be ambitious to become a State Fine prospect she will have for admission into the Union with a Constitution based on principles such as her Legislature is going through the form or farce of enacting into laws

An estimate is published in the Cincinnati *Gazette* of the number of persons in the South who will be placed under political disabilities by the third section of the Constitutional amendment. The whole number of all classes is computed at less than thirty thousand. Of these, 132 were members of the rebel Congress, 1850 were members of rebel Legislatures, 34 left the National Congress, 318 left the regular army; 8,525 were defaulting Postmasters, or Postmasters who served under the rebel Government 5,000 were Justices of the Peace, 5,000 were clerks in various departments of the rebel service, and the balance of the 30,000 are those who, in various other positions, voluntarily swore allegiance to the Jeff Davis government.

The "official organ" says. "Those who have suffered most for the Democratic faith are generally most tolerant of the opinions of others and most ready to declare a truce for former differences" Precisely so. This fact is illustrated by an incident or two mentioned in late dispatches from the East. The rebel Generals Dick Taylor and Jo. Johnston have been to Washington urging the President to grant a general amnesty. These men have both suffered for the Democratic faith, and both are now anxious for a truce for former differences. The "official organ" is entirely right.

The vagabond rebel, John Mitchell, lately arrived at New York from France. No doubt he has spent the seventy thousand dollars of Roman money which he took over with him, and is now back for more. He and John Morrissey have probably been called to Washington are this as advisers of the President

The New York *Herald* and New York *Times* advocate the election of Horace Greeley to the United States Senate in place of Harris, whose term will expire in March.

STATE ITEMS

A correspondent at Oakland, under date Dec. 25, writes Five persons went last night to a ball in Cole's Valley in this county, for the purpose of raising a row, and succeeded most admirably The mess ended in the death of an innocent man named Bolinger or Berringer, and the wounding of seven more, four of whom were of the attacking party, and one of the four is probably mortally wounded, and may be dead by this time. Two fifth one made his escape, but traces are on his track The above is the latest heard from the affair.

On Tuesday evening last, at a regular meeting the following were elected officers of Mariam Lodge No 7, I O of O F, at Corvallis, for the ensuing year M Chatterbury, N G, James Graves, V G, N K Barber, R S S Nelgass, Treasurer, M Patton, P S, Trustees, A Sharpies, M Jacobs and George Elliott

Mr W S James, a compositor in our office says the Corvallis *Gazette*, has in his possession a copper coin bearing date 1776, which is about the size of the 5 cent stage that were in use on this coast in early days On one side is the British coat of arms on the other is "E H surrounded by a wreath and crown, and at the bottom the letters 'K M' The coin is quite a curiosity He picked it up more than a year ago in Paradise Valley, remote from any settlement

On Thursday evening, Dec. 20 1866, the following were elected officers of Ferguson Chapter No 5, R A M at Corvallis. J E Bayley, H P, J B Lee, K Willman Miedner, S B W Wilson, C H E Holgate, 1st G M Berick, 2 A G L Bolhle, M of the 1st V, E W Nisbet, M of 2nd V P A Chenoweth, M. of 3d V

Mr Seeley, from the Eagle Creek mines, exhibited to us, says the *Columbia Press* some very rich specimens of rose quartz Fine gold was visible to the naked eye, unmistakable marks of being rich in flour gold The rock was taken from the bottom of a ninety foot shaft on the Gem of the Mountain lode. Twenty tons of second class rock was crushed returning forty dollars per ton The company have a five stamp mill now in operation and purpose running four more in the spring

Three inches of snow fell last week, in three days, at Umatilla

NESMITH AND THE SENATORIAL ELECTION.—Under date of Nov 13th, Senator Nesmith thus discourses of the late Senatorial election in Oregon We admire his philosophy, and agree with him about the 'stools

"With the result I am contented I never had any expectation of a re-election, and in my heart did not desire it. It was only by the solicitation of friends that I ever consented that my name might be used—simply for their gratification and not for my own I have had enough of the Senatorial bubble and now my only ambition is to get safely back with my family to my farm in Polk county, where I can watch and laugh at those who engage in the struggle to be what I have been * * I knew from the first that I had no party in the State—that there was no show Some Republicans commanded my course in the support of the war for the suppression of the rebellion, but denounced me freely because I was not in favor of its prosecution after the rebels ceased to resist. * * * On the other hand a portion of the Democracy could not forgive me for having supported the war, and because I did not support the rebellion So, as P once said I fell to the ground between two stools—*neither of which I ever attempted to sit upon.*

Negro Whipping in the Carolinas.

CHICAGO Dec 2.—The *Tribune's* Washington special dispatch says Gentlemen direct from military headquarters at Charleston and Raleigh throw much additional and startling evidence upon the negro whipping question It appears that in all the country towns where negroes was being carried on most extensively the real object being to guard against their voting in the future there being a law in South Carolina depriving negroes of the right to vote The practice was carried out upon such a scale at Raleigh that crowds gathered each day at the court house to see the negroes whipped Besides the sale of freedmen for slight offenses is going forward rapidly in all parts of the State, and some planters in the eastern portion are boasting that the old order of things is practically restored for them as they now own their negroes and have the same under good subjection Johnson's acting Assistant General Sickles' order preventing whipping and sales there is regarded as virtually returning the blacks to slavery

Resolved, That in the judgment of this organization, it is clearly the duty of the Conservative press throughout the country to appeal to the Northern and Southern States to extend suffrage to the negro on such qualified basis as may be deemed proper and just

Resolved, That taxation and representation should go hand in hand and, if the enfranchisement of the negro will accomplish the triumph of that great principle and secure to us a reunited and peaceful Union, we will give the measure our most cordial support

Resolved That, while we recognize the progressive spirit of the age, and would pursue a liberal and conservative course of action in all things, we earnestly hope the States yet to act will reject the proposed Constitutional amendment by such a decided vote as will show its originators that there can be no proscribed classes in this land of freedom

NEW YEAR.—The OREGONIAN to all its readers and patrons presents the compliments of the NEW YEAR and wishes them many many happy returns of this auspicious day. Many have had happy days since this day twelve months ago, we wish them a continued and multiplied happiness through each and every one of the three hundred and sixty four days and six hours that are to intervene ere this day in the year 1867. If any have tasted the cup of affliction, have walked through vales of sorrow we pray the Power who governs to turn the cup aside and to lead them hereafter in pleasant places while this year shall be with them. And so dear reader and generous patron, we begin this NEW YEAR together

"HAPPY NEW YEAR."—These are words that will be uttered joyously this morning, we suppose by almost every tongue in Oregon which has learned to wag with the motion of speech. And well they may for NEW YEAR comes but once in twelve months even in this scientific and well-managed age, though the savans and clock makers have got Time's machinery in such excellent running order that the unnecessary now happens with the greatest regularity. It was not always so though the boldest inhabitant may fail to remember when. In former times—we remember it well—NEW YEAR'S day was so hustled about and jostled out of place by the discordant wranglings of lunar years, solar years, leap years, Julian periods, and periods without a name, added days and subtracted days time-tables, ignorant almanac makers and other deceivers that it sometimes had not much ado to squeeze itself in anywhere and was well nigh RIDE, the folks were quite uncertain whether some emperor fellow or council more Nice than wise might not abolish it before it took possibly swing round the circle again. Ah, NEW YEAR was not always the happy fellow he is now. But, thanks to Ben Franklin, Hemick and several other respectable gentlemen of the above persuasion, we now receive regular yearly calls from the bonny faced boy-god who never seems to grow older, and whose genuine cheerfulness infects the world with something of his own happy spirit. Reader NEW YEAR is with us now, and as we take him in the hand, his beaming smile so shines out and envelopes everything with an atmosphere of beauty and glory and joy that we cannot express the impulse to cry out at just are all doing, A HAPPY NEW YEAR!"

TIMBER.—A very general idea has been prevalent that the timber of Oregon is inferior to eastern for the purposes of toughness and durability. Accordingly, wheel wagon makers, especially sending to the east on States for axle and spoke timber paying for it a consequently price over what it would cost in Oregon. Experience generally cures this sort of mistake, when reason would fail. The wagons made of domestic materials thoroughly seasoned, have been found quite as strong and durable as those made anywhere. On this subject, a correspondent of the Oregon City *Enterprise* says he has been engaged in manufacturing wagons for sixteen years in Oregon; that we have in this county and vicinity the Tualatin river, a splendid quality of ash and oak, so suitable for making wagons, plow beams, &c. Planing machines, horse powers, etc., as the imported timber that any wood chopper will prefer an Oregon axe helve to an Eastern hickory, and that the oak is tougher for wagon spokes, felloes, etc., and more durable than imported oak.

CAUGHT.—It is reported to us that just before the *Oregonian* left the wharf, on Sunday, a man and woman who had been stopping at one of the hotels of this city, went on board, leaving a child at the hotel. The absence of the child was soon after discovered by the ...ts, but, though he hurried down to the wharf, he was too late to overtake the heartless couple, the steamer being swung out into the stream and got under headway down the channel. The child, though thus cast upon the ...lies of the world, is probably better off than if it had been ...ssigned by parents so utterly destitute of ...ty and natural affections as the wretches who deserted it.

NEW MINES.—Mr T. J Carter of this city has received some gold dust from places mines recently discovered about seventy miles south of Auburn, Oregon, between the head waters of the Malheur and Burnt rivers the indications are that the district is a large one, but ...ently it has no water during the summer season of the year as the streams are to be worked while water can be obtained from the melting snows. Twelve men are now engaged in getting out dirt preparatory to the ...s of snow water. Mr Carter has had the dust assayed and finds that it is $20 fine and worth $17 per ounce.

HABEAS CORPUS.—A writ of habeas corpus was issued out ...esday in the case of the State of Oregon vs S. B. Vance and the defendant taken before Judge Shattuck. After the arguments by counsel—Mitchell for the State and Hunt and Upton for Vance—the Court held that the writ of habeas corpus was not the proper remedial writ while the defendant was remanded to jail. On Friday Vance's counsel will make application for a writ of error, and ...ing to submit the whole case to a higher court.

TWO MORE BURGLARIES.—Two more robberies were perpetrated last night. The house of the Rev. one Mary Ann, on Second street was entered while the inmates were temporarily absent and a watch and some money taken. The store of Kahn Bros on Front street was broken into and robbed of a bundle of buckskin gloves, some scarfs, belts etc. The burglar in this case had a brief career, as he was shortly after nabbed and lodged in jail. The goods ...44 in his possession. He is said to be a well ...known shod-carrier in the city and is reported to be ...ly well off. We omit mention of his name till an examination ...ions shall be had.

MASONIC BALL.—The ...sition ball given by the Willamette's last evening was ...ssfully the most ...t affair of the kind that has occ...ed in this city ...many a day. The company was just large enough for the Hall—between forty and fifty couples. The Hall was tastefully decorated, the music good, the dancers ...h to enjoy the occasion, and everything else conspired with them to make the evening peculiarly a ...ant one. The congratulations that followed the ...ion of the New Year, would have drawn out rapt ...husiasm anywhere, could he have heard them.

BANKING.—In accordance with his annual custom, H. A. B. Richardson visited our office last evening and ...d the "bank" his usual testimonial—something ...k, invigorate and cheer the physical man Rich... in the name of the "corps" and all our regular ...ers and subs. we practice the human and brother and ...ster like. Then we went to the manager, took a cheer; ...ed his ...th. If there should be any harmony ...in 1867, we trust that thy sturdy form may be ...ll ...ed with full pint sized shadows.

I. O. G. T.—Capt. E G Adams delivered an address ...Friday evening, on the subject of temperance, ...the 20th instituted a lodge of Good Templars with the following officers J. H. Lambert, W C T, ...Lambert, W R. S.; Mrs J B. Merrick, V L. S.; Miss Augusta Miller, W V T., Miss Maria J ...; Miss Lavinia Miller, W A. R. S., Miss Martha Brown, W. T.; Miss Laura Miller, W F S., ... W. M.; Miss Agnes McIlwain, W. D. M.; John Packer, W C., Mrs. Margaret Moore, W I G.; ... McGowan, W O G., W. C. Hitchcock, R W. D. T.

WHEAT.—Exports.—Per *Sarah*, Monday, Dec 31—214 qr sacks flour, 16 boxes eggs, 360 boxes apples, ... sacks corn, 7 pkgs furs; 3 firkins butter, 4 bbls bbls ... 20 bbls beef, 218 sacks feed, 2 boxes mdse, 3 pkgs ... 1 bbl pork.

Per *Alert*, same day—120 boxes apples, 16 boxes and ... hams and 50 bbls lard, 13 boxes eggs, 2 kegs cider, ... qr sacks flour, 50 sacks bran, 163 sacks feed, 64 ... 1 bale woolen goods, 1 lot green hides.

BUILDING.—We noticed yesterday that considerable work had been done in the way of dredging out the ... of Oak street. The two parallel banks of ... sides resembled pictures we have seen of ... where Moses caused the waters to be parted ... of the Israelites. We involuntarily looked ... and his hosts, but we could not see 'em.

OYSTERS, HAM, &c.—After blowing up Richardson last evening, we received a magnificent cake and accompaniments from Mr P. B. Sinnott of the ... Hotel. The cake bore, in fancy script letters, the ... motto, "New Colombian to the Printers." The ... one and all, gave thanks to Mr. Sinnott, and—the cake is now no more.

WOOL FOR THE EAST.—During the month of December, 1866, there were received on the wharf at Portland 2,100 qrs ice sacks of flour, 14,073 boxes apples, 210 ... boxes, 4,613 bags of wheat, equivalent to about ...

NEW YEAR GREETING.—The Barman family, ... has a ... boy. The elder brother, I Barman, landed ... New York at the age of 13 years without a cent in his ... was brought up to the clothing business in the ... of Miller & Lebenstein, New Castle, Indiana and ... he ... the correct principles which underlie ... success in ... He is now in Portland and, with ... ... ing a practical application of his early ... knowledge of business, and they are firmly es... ... at the leading clothiers of the North Pacific ... They started, when they came here, in a build... on the wrong side of the street where no dealer ... would have ventured. What brought them success? Fair dealing and liberal advertising. Some imagine that they can't sell as cheap as others because they spend so much money in advertising but that is a mistake. They are ... behind their counters, do their own selling and have to pay nothing to clerks. They are ... to prove ... that the prices of clothing stuffs have fallen in the East from 15 to 25 per cent and that they now are selling at corresponding reductions. They do ... at cost, but at market rates. If you want to spend a Happy New Year go and once and buy a suit at Barman Bros.

A child can operate a Grover & Baker Sewing Machine. It uses both two common spools, makes a stitch stronger than that made by hand, and its simplicity is marvelous in ... to its capacity. The elegant embroidery which is now so popular is all executed by this celebrated sewing machine. Wm. Cranston & Co., agents, Northwest corner, Portland.

AT PRIVATE SALE.—Mr Cohen having sold at auction the greater part of his stock of jewelry, will dispose of the ... on very favorable terms at private sale until New Year. He has yet on hand a choice lot of ladies jewelry such as finger and ear rings, breast-pins neck chains, bracelets, etc.

HOLIDAY PRESENTS.—WEIL BROS have a large and varied ... of fine dress goods—such as Moire antique silk dresses, French and Irish poplins etc—which they are selling off at cost, affording an excellent opportunity for the purchase of HOLIDAY PRESENTS. They also offer, at cost, the choicest stock of custom made clothing and Gents' furnishing goods.

A NEW POST OFFICE.—Some time ago the citizens of Oswego petitioned for a postoffice at that place and Postmaster Randall of this city recommended the establishment. Mr McDonald was recommended for postmaster. An answer to the application is soon expected and no doubt is felt that it will be favorable to the petitioners.

RUNG OUT AND RUNG IN.—The several fire-bells were ... multaneously rung last night at 12 o'clock in respect to the memory of the dead year 1866 and in honor of the new born year 1867.

FROM THE CASCADES.—The *Hunt* arrived last evening from the Cascades with about 30 passengers from the upper country. Wells Fargo & Co received about $20 000 treasure.

CLOSE OF BUSINESS HOURS.—The merchants generally and the banks it is understood will not open for business to day.

MERRY CHRISTMAS AND HAPPY NEW YEAR!—ELLSWORTH & CARDWELL, 89 First Street, (Post Office Block) would call attention to the fact that it is customary to present those you call on New Year's Day with your PICTURE. Now those who are not supplied with CARTES DE VISITE AMBROTYPES SUN PEARLS, and other specimens of PHOTOGRAPHIC ART would do well to call at their GALLERY at once. Negatives taken in any kind of weather.

PICTURE GALLERY.—W B JONES having taken the gallery corner of Front and Morrison streets Portland, would announce to the public that he is making PHOTOGRAPHS from Locket to Life size, AMBROTYPES, MELAINOTYPES SUN PEARLS and CARTE DE VISITE plain or enameled, in the best style of the art. If you want card pictures with the most beautiful enamel, at lower prices than can be had in the city or State go to JONES GALLERY, corner of Front and Morrison. dec17d3m2p

IMPORTANCE OF HAVING DAVIS' PAIN KILLER ALWAYS ON HAND.
Wonderful Cure of the Rev. D L. Brayton, Missionary to India, who was stung by a Scorpion.
Extract from his letter published in the Baptist Missionary Magazine:
"For the first time since I have been in India, I have been stung by a scorpion. I went out this morning to my exercises, as usual, at early dawn, and having occasion to use an old box, on taking off the cover I put my hand on a scorpion which immediately resented the insult by thrusting its sting into the palm of my hand. The instantaneous and severe pain which darted through the system is quite incredible; what an awful virulent pain their sting must contain! I KNEW TO MY BOTTLE OF DAVIS' PAIN KILLER, and found it to be true to its name, after a few moments' relief, I saturated a small piece of sponge, bound it on my hand, and went about by exercises, feeling no more particular inconvenience."

Manufactory Established in June, 1851.
STEAM POWER, NOS 625 AND 627 FRONT ST.
HAS CONSTANTLY ON HAND GROUND AND ROASTED COFFEE GREEN COFFEE of the best qualities. CREAM OF TARTAR and SPICES of all sorts.
The undersigned who has always enjoyed public confidence for the excellent quality of his Coffee, neglects nothing to justify the good name acquired by his productions the sale of which daily increases. The acknowledged superiority of his merchandize which commands here and in the markets of the interior a relatively higher price, excites the cupidity of some manufacturers who every day be seen increasing the number of those who, by counterfeit or imitation of his mark, seek to deceive the public, palming upon them their inferior productions for the genuine G VENARD CHARTRES COFFEE. This fraud can deceive nobody after a trial, but only adds to the favorable opinion of all consumers, the very flattering though unwilling testimony of the counterfeiters. Nevertheless, buyers should be forewarned, and placed on their guard against this practice.

STOCKING A RIVER WITH FISH.—Salmon and shad were once found in immense numbers in the Connecticut, but for many years they have been almost unknown in that river. A Connecticut paper relates how steps are being taken to restore them.

The Legislatures of the four New England states bordering on the Connecticut—Massachusetts, Connecticut, New Hampshire and Vermont—with a view of restocking that river and its tributaries with salmon and shad, have each appointed Commissioners, who have held conferences on the subject and are endeavoring to accomplish this important object. The plan proposed is to propagate the fish by artificial means and to provide them with a convenient passage up and down the river, and a suitable place for breeding their young. It is well known that the great decrease in the abundance of shad and salmon for the past twenty or thirty years has been owing to the obstructions interposed to their passage to and from their old breeding grounds by the dams which have been built at various points on the river. By stocking the upper waters of the river with spawn and building fishways at Turner's and Linfield Falls for enabling the fish to pass up stream, it is presumed that in a few years the river will be as abundantly supplied with these delicious fish as it was a score of years ago. The feasibility of the artificial propagation of fish is no longer a question of doubt. Recent experiments on a large scale in England, Germany and France have abundantly demonstrated that our depopulated rivers can be restocked with fish with perfect success.

THE RECENT MURDER.—The lateness of the hour of our reception of the news of the murder of Thomas Coleman, of the Salt Lake House, precluded a more extended notice than we gave in our last issue. We have gathered but few particulars in relation to it, but the prevailing opinion expressed in the community is that the label found on the dead body explained the cause. The absence of blood on the spot where the body was found, as well as the prepared label attached to it, is strong evidence of the premeditation on the part of the perpetrators of the act. Tom had lived in this community for many years, had been for a long time employed at the Salt Lake House, and, it is said, was a regular member of the Mormon church. The label was as follows: "Notice to all Niggers! Take warning! Leave white women alone!!!" Some say that explains the cause of his "continuously taking off," while others whisper it was on the grounds of the verification of the old maxim that "dead men tell no tales." We express no opinion in the matter, but away the decision of the coroner's jury.

Since the above we learn that the verdict of the coroner's jury was that the deceased came to his death from the hands of some person or persons unknown to the jury. We also learn that sufficient evidence was produced to the jury to warrant the presumption that the label fully explains the cause of the killing.—*Vedette*, 13th inst.

THE FATE OF AN INVENTOR.—Snider, the inventor of the breech-loading gun just adopted by the English Government, and who died a few days ago in London, like most inventors, failed to reap any reward for his labors. The London *Times* of November 10th says.

Snider will trouble the War Office no more. The poor man is dead. At the moment when the arsenals of the kingdom are ringing with the labor concentrated upon his invention, the inventor has expired in penury and affliction, without ever having touched a single sixpence of remuneration or profit. As he lay dying, a lump sum of £1,000 was thrown to his creditors, and the debts which he had contracted in the pursuit of his secret are lessened to that amount. But there, as far as he himself was concerned, ends all that was done by a grateful country. His solicitor now writes to apprise us that the Department was really preparing to do something at the very minute that it became too late, and that if Snider could but have lived till this morning he might have heard of what was coming to him. Unfortunately, he died on Thursday,

NO MORE REMOVALS.—The New York *Tribune* of November 21st says,

We understand that Secretary McCulloch has set down his foot against further removals of faithful and capable Revenue officers to give places to greedy and pushing place-hunters. We are much obliged for many of the removals hitherto made, since they have swelled our Republican majorities; but no more are needed on that account, and we think the business might as well stop right here. We have not a doubt that the revenue of the current fiscal year will be considerably reduced by the changes already made. In collecting revenue from internal sources, experience is of great value; a new assessor and collector cannot detect and preclude rogueries and evasions nearly so well as their predecessors. We infer that President Johnson acquiesces, if he does not fully concede, in the decision of the head of the Treasury Department. If so, the result must be advantageous to the Revenue and gratifying to the country.

A BIG CALIFORNIA PLANK IN WASHINGTON.—The Washington *Republican* says:

The Department of Agriculture has received through Horace B. Dunn of San Francisco, California, a redwood plank which is now on exhibition in the Museum of the Department. This extraordinary plank was donated to the Museum of the Department by the firm of McPherson & Whitehope of San Francisco, and it is thought to be the largest ever sawed at any mill in the world. The firm was offered the sum of $200 for it to send to France, but preferred to keep it on this side of the Atlantic. The plank is 7 feet 5 inches wide, and 12 feet long, clear in grain and without knot or blemish. This plank is interesting as a specimen of the immense growth of the redwood timber which abounds in the northern part of California.

WHAT THEY THINK OF EACH OTHER.—A New York correspondent of the Chicago Republican tells the following rich story.

A well known journalist, who was formerly a Washington correspondent, says that while there, during the war, he one day asked Secretary Seward his opinion of Horace Greeley. "Horace Greeley," said Seward, "is a great man—a man so full of genius and of such power, that if he had a particle of common sense we should have to hang him. But he's a d—d fool, therefore harmless."

After coming to New York, the journalist, dining with the editor of the *Tribune*, inquired his opinion of Seward. "Seward has brains enough," was the reply, "to govern this country. No man has a clearer or better head; but the trouble with Seward is that he is such an infernal scoundrel."

CENSUS OF THE INDIAN TRIBES.—The census of the Indian tribes, as prepared for the Annual Report of the Commissioner of Indian Affairs, for 1866, shows that the total number of Indians is 295,774, distributed as follows among the different superintendencies: Washington, 14,800; Oregon, 10,471; California, 25,962; Arizona, 34,500; Nevada, 8,200; Utah, 19,800; New Mexico, 19,910; Colorado, 5,000; Dakota, 24,470; Idaho, 7,330; Montana, 13,633; Northern, 18,178; Central, 12,837; Southern, 58,004. Independent agencies: Green Bay, 2,632; Chippewas of Mississippi, 6,179; Chippewas of Lake Superior, 4,300; wandering bands in Wisconsin, 1,350; Mackina, 3,105; New York, 4 013.

A lawyer attempting to browbeat a female witness, told her she had brass enough to make a saucepan. The woman retorted

"And you have sauce enough to fill it"

An old bachelor, being laughed at by a party of pretty girls, told them "You are small potatoes." "We may be small potatoes," cries one of them, "but we are sweet ones."

Below are some of the many testimonials

This is to certify that I, John B. Jodwan was blind for over nine years and I tried all means of a cure and had many doctors and all of no effect and I got all the means I had. Finally, I had to become a county charge, and when I was taken to Dr. G. W. Brown, and stated my case to him, and misfortune he at once examined to the eyes, and now I am well and can command all those that are suffering with diseases of the eyes to call on Dr. G. W. Brown. The reason why I do this is to let suffering humanity know where they can be cured. JOHN B. JODWAN

SATURDAY, Feb 10 1866

This is to certify that my daughter was almost blind for over seven years, and was declared by other physicians without obtaining any relief when finally I took her to Dr. G. W. Brown, who examined her case and at once began to operate for cataract, and her sight has been entirely restored. I do this to let those who are suffering with diseases of the eyes know where they can obtain a cure. It has been three years since her eyes were cured, and they are yet sound.

EQUALIZATION BOUNTY BILL!

THE UNDERSIGNED, HAVING RECENTLY RETURNED from Washington City where he has made the proper arrangements for the collections of the Extra Bounty of $100 allowed to all soldiers enlisted after the 19th day of April 1861 for a period of not less than three years and $50 for soldiers enlisted for a period of not less than two years.

Persons or their heirs entitled to the benefits of said Bounty will find it to their interest to attend to its collection at once. Having an Agent at Washington, and personal knowledge of the mode of making collections through the Department, I can get returns promptly.

☞ Call with your Discharge, and two witnesses for identification, at the Publication Office of the *Daily Oregonian*, No. 5 Washington St., Portland.

A. BUSHWILLER, Claim Agent.

RULES AND REGULATIONS FOR THE PAYMENT OF BOUNTIES UNDER THE ACT TO EQUALIZE BOUNTIES, APPROVED JULY 28, 1866.

WAR DEPARTMENT, ADJUTANT GENERAL'S OFFICE, WASHINGTON, September 16, 1866.

1. All applications shall be filed within the period of six months, from the 1st day of October 1866, and before any payments are made, shall be classified by regiments, battalions, or other separate organizations, and no application filed after that period shall be settled until after the former shall have been paid.

2. No application shall be entertained unless accompanied by the original discharge of the soldier and the affidavit required by the fourteenth section of the Act, and the further affidavit that he has not received nor is he entitled to receive from the United States, under any laws or regulations prior to the Act of July 28, 1866, more than $100 bounty for any and all military service rendered by him during the late rebellion, over and above the amount therein claimed.

3. All applications for the additional bounty authorized by this Act from surviving soldiers shall be in the form hereinafter prescribed and the evidence of identity shall be the same as is now required, and applications from the heirs of deceased soldiers shall be in the form now required by the Treasury Department.

4. As soon as the examination of the claims of any regiment, or other independent organization, shall have been properly classified, the Paymaster General shall take the necessary steps for their prompt payment.

5. A register shall be kept in the Paymaster General's office, and also in the office of the Second Auditor, of all claims presented under the law in which the statements will be classified by regiments etc. If the claim be allowed, the amount of bounty paid to each will be noted, and if rejected the cause of rejection will be distinctly stated.

6. In the applications for bounty, as required by the third of these rules, the affidavit shall state each and every period of service rendered by the claimant as it also that he never served otherwise than as herein stated.

7. Organized regularity in the service of the United States, or called out for special purposes, as militia, Home Guards, etc., and not included in the federal bounty laws, are not included within the meaning of the Act.

8. Soldiers enlisted for "three years or during the war," who were discharged by reason of the termination of the war, shall be considered as having served out the period of their enlistment, and are entitled to bounty under this Act.

9. The minority of heirs, claimants for bounty under this Act, must be proven to have existed at the date of its passage. Parents shall receive jointly the bounty to which they may be entitled as heirs, unless the father has abandoned the support of his family, in which case it shall be paid to the mother. Non residence in the United States shall not be a bar to the claim of heirs, who would otherwise legally inherit.

The provisions of the Act exclude from its benefits the following classes:

1. Those who after serving the full period of their enlistment, were dishonorably discharged at its expiration.

2. Those discharged during enlistment by way of favor or punishment.

3. Those discharged on account of disability contracted in the service, but not occasioned by wounds received in the line of duty," who shall not have previously served two or three years respectively at the time of discharge.

4. Those discharged on account of disability existing at the time of their enlistment.

5. The heirs of those who have died since their discharge of wounds or disease not contracted in the service and in the line of duty.

6. The surviving soldiers and heirs of deceased soldiers who, under previous laws, have received or are entitled to receive a bounty of more than $100 from the United States.

7. The surviving soldiers, as well as the heirs of deceased soldiers, when such soldiers have bartered sold, assigned, loaned, transferred exchanged or given away their final discharge papers, or any interest in the bounty provided by this or any other Act of Congress.

8. The Act of the 28th of July, 1866, creates no right of inheritance beyond those vested by the law under which these claims are based or were entitled to receive as the original bounty and debars certain classes brothers and sisters of heirs that were entitled to receive the original bounty from any claim for the additional bounty provided by this Act.

Respectfully referred to the Attorney General for his opinion on the point whether the rules and regulations as within mentioned are in conformity with law.
